

BEING TEA CO.

Between Steeps

A tea & conversation deck

12-CARD FREE PUBLIC SAMPLER

WORKING TITLE / ADULTS 18+

A gentle arc from laughter to attention, shared memory, reflection, and one last pour.

No alcohol or caffeine required. Passing is always welcome.

Make room for the cup - and each other

A compact session for two or more adults. There is no score and no winning.

How to play

1

Choose a drink

Tea, decaf, a caffeine-free botanical infusion, water, or no drink at all.

2

Follow the arc

Read the cards in order, or select the family that fits the moment.

3

Read and answer

One person reads the prompt. The follow-up is optional. Anyone may pass.

4

Close with care

Use Caffeine Check and Last Pour to decide together when the session is complete.

Care at the table

- Adults 18+. This is a conversation activity, not a drinking game.
- No alcohol or caffeine is required. Never pressure anyone to consume anything.
- Pass, pause, skip a card, change the subject, or end the session at any time - no explanation needed.
- Respect privacy and personal limits. Follow your own health guidance around caffeine and botanicals.

Free public sampler. No purchase, order, or pre-order is being offered.

Print at 100% scale. Cut only if you want individual prompt cards; the full pages work just as well.
